INDEX.

A

Abdominal hysterectomy, total *versus* subtotal, 564
Abortion, prophylaxis and treatment of, 562
Achlorhydria, duodenal flora in, 386
Achondroplasia, 452
Acid-base equilibrium of blood caused by hemorrhage, changes in, 149
Actinomycosis, 69
Adrenal cortex, enlargement of, in experimental uremia, 446
Affective nature of illusion and hallucination, 572
Albuminuric retinitis in one eye, embolism of central retinal artery in the other, 566
Alkaline decomposition of cystine, 296
Anemias, extramedullary hematopoiesis of, 130
  osteosclerotic, epidermoid carcinoma and, 718
  pernicious, blood pressure in, 777
    liver extract in, 702
    liver feeding in, 312
    thoughts on the marked processes active in, 523
  sickle-cell, 206
Angina pectoris, electrocardiographic changes and, 255
Angioma of cerebrum, 144
Antibodies in serum and organs of rabbits, distribution of, 867
Aortic disease, roentgen diagnosis of, 437
Appendicitis, acute, complicating pregnancy, labor and puerperium, 562
Arbacia eggs, cleavage reaction in, effects of certain anesthetics on, 579
Arterial ligation, immediate effect of, 49
Aschoff-like bodies in myocardium and meningococcus infections, 717
Asphyxia in newborn, prevention and treatment of, 703
Asthma in children, 422
Atherosclerosis and blood pressure in rabbit, experimental, 445
Atlas, dislocation of, simple uncomplicated rotary, 132
Autopyotherapy of empyema of infants, 704

B

Backache from an obstetric and gynecologic standpoint, 430
Bacteria, single virulent, experimental infection with, 146
Bacterial allergy in infection, 862
Birth control measure, safe period as, 562
Blood, cerebrospinal fluid sugar and, 559
  typing, a source of error in, 717
Bockus, H. L., diagnostic value of duodenal drainage in gall-stone disease, 84
Bone and joint tuberculosis in childhood, differential diagnosis of, 424
  marrow as an organ, 418
Brain, abscess of, some points in diagnosis and localization of, 566
  anatomy of, from a clinical point of view, 1
  tumors of, syphilis and, 12
Breast feeding, progress of, in New York State, 135
Brem, Walter V., blood transfusions, use of fasting donors in, 96
Bronchial asthma, rhinologic study of, 142
  treatment of, Roentgen ray in, 290
Bronchitis, chronic, with or without secondary asthma, treatment of, 702
Brown, George E., postural hypotension with syncope: its successful treatment with ephedrin, 336
Bubonic plague, maritime quarantine and, 719
Buckman, Thomas E., atypical pathologic hemorrhage in early life, 307
Bunker, Henry A., Jr., effect of one hundred injections of tryparsamide upon spinal fluid in general paralysis, 265

C

Cady, Lee D., diagnosis of sporadic infectious mononucleosis (glandular fever), 527
Cancer, cervical, irradiation of, 563
  radium in, 855
  treatment of, 710
  mammary, roentgenography in, 439
Capillary pressure in mesentery of rat and guinea pig, 450
Carbonate and bicarbonate ions, activity coefficients of, 578
Carcinoma of esophagus, 79
  of rectum, 554
Carotinemia, 31
Cataract and postoperative tetany, 185
Celiac disease, 558
Cereal intake, abundant, effects of, 281
Cerebello-pontile angle, tumor of, mechanism of compression in, 441

Cerebral hemorrhage, pathogenesis of, 441
Cerebrum, venous angioma of, 144
Cervical cancer, irradiation of, 563
Cesarean sections, analysis of maternal and fetal deaths in, 291 cases, 429
indications for, ethical consideration of, 561
Chancroid, emancipation of women and, 852
Chemotherapy of syphilis, present state of knowledge of, 560
Cholecystography, 440
new iodin compound in, 439
oral, 440
Chorea in tonsillectomized children, 423
Chu-Pin, Chang, effects on carbohydrate metabolism of an acid-alcoholic extract of plants rich in vitamin B, 384
Cohn, Edwin J., treatment of pernicious anemia with liver extract: effect upon the production of immature and mature red blood cells, 599
Collens, William S., a flexible gastroscope, 831
Collings, Clyde W., excision of prostatic bar by the cutting current, 485
Colon, redundant, 419
retrograde, transport in, 571
Comparison between multiple cases of measles, scarlet fever and infantile paralysis, 575
of PH determinations by the hydrogen electrode and colorimetric methods, 299
Connor, C. L., unusual case of diabetes mellitus, 22
Cornwell, M. Agnes, presence and importance of yeast-like fungi in gastrointestinal tract in pernicious anemia, in other diseases and in normal individuals, 153
Coronary sclerosis, roentgenologic diagnosis of, 570
Covey, George W., ball thrombus in left auricle, 60
Crawford, Baxter L., consideration of leukemia with especial reference to a subacute form, 622
Crime problem, need of coöperation between legal profession and psychiatrist in dealing with, 860
Crook, R., ball thrombus in left auricle, 60
Currier, Fred P., facial diplegia, 811

D

DEAFNESS, progressive, nature of, 857
de Vries, Ernst, spinal bifida occulta and myelodysplasia with unilateral clubfoot beginning in adult life, 365
Diabetes mellitus, treatment of, synthalin in, 196
unusual case of, 22
Diaphragmatic hernia, 846
Diarrhea, infantile, almond whey milk in, 135
Diets varying in vitamin content, local and systemic changes induced by lipoid solvents in animals fed on, 444
Difficulty of turning over in bed, note on, 552
Diphtheria situation in Chicago, 720
Downing, L. M., duodenal flora in achlorhydria, 386
Duncan, Garfield, G., synthalin in treatment of diabetes mellitus, 196

E

EAR disease, endocrine hypofunction in, 436
Eczema in infants and children, modern treatment of, 133
Ein fall von symptomatischer "Narkolepsiei mit Experimenteller Austosbarkeit der Anfälle," 443
Einhorn, Moses, suspenders *vs.* belts in treatment of gastric and duodenal ulcers, 395
Empyemia in childhood, treatment of, by closed method and suction drainage, 421
Endemic thyroid enlargement in Connecticut, 147
Endocervicitis, chronic, conservative treatment of, 562
Endocrine, causes of sterility in women, 140
hypofunction in ear disease, 436
Endothelial myeloma, 438
Enterostomy in treatment of acute ileus, 421
Enuresis, 704
Ephedrin and cocain synergy, 289
Epidural space, negative pressure in, 371
Epileptic variants, 861
Epiphyseolysis, 714
Erythema nodosum, place of, in medicine, 283
Esophagus, carcinoma of, 79
Extrapyramidal syndrome, clinical analysis of, 573
Eyelids, paroxysmal spasm of, as a postencephalic manifestation, 288
Eyes, spasmodic associated movements of, 434

F

FACIAL diplegia, 811
Fahr, George, hypertension heart, 453
Feil, Harold, electrocardiographic changes during attacks of angina pectoris, 255

Fetal and neonatal death, problem of, 577
Formalin precipitation in tissues, 145
Freezing point of solutions, new method for determination of, 152
Fried, Jacob, encapsulated pericardial effusion, 331
Fusospirochetal disease of lungs, 717

G

Gall bladder, cholesterosis of, 280
concentration of cholecystographic mediums and bilirubin by, 859
emptying mechanism of, 571
Gastrectomy, complete, for chronic ulcer, 701
Gastric digestion, 134
Gastroscopic removal of radium capsule, 292
Gennerich's endolumbar treatment, 137
Ghrist, David G., postural hypotension with syncope: its successful treatment with ephedrin, 336
Giffin, Herbert Z., unusual types of hemorrhagic disease, 44
Gilman, P. K., advantages of total thyroidectomy in selected cases of thyrotoxicosis of exophthalmic type, 350
Glucose tolerance in experimental obstructive jaundice, 451
Goeckerman, William H., therapeutic mechanism of malaria treatment of general paralysis, 261
Goforth, J. L., consideration of body resistance to neoplasia, 504
Goiter, endemic, relationship of, to certain potential foci of infection, studies on, 448
exophthalmic, involuntary nervous system and, 131
Gonorrhea, chronic, treatment of, 710
Gordon, A. H., unusual case of diabetes mellitus, 22
Burgess, dextrose in treatment of obesity, 37
Murray B., stammering produced by thyroid medication, 360
Granulomatous lymphadenitis, nontuberculous, 866
Graves' disease, ophthalmoplegia in, 733
Gray, Irving, a flexible gastroscope, 831
Gurdjian, E. S., discussion of thalamic syndrome, 18

H

Hahn, E. Vernon, sickle-cell (drepanocytic) anemia, 206
Hammack, Roy W., blood transfusions, use of fasting donors in, 96
Heart disease in tonsillectomized children, 423
hypertension, 453
in pregnancy, 854
severe diphtheria and, 419
Hearts of normal children, 851
primitive human, 242
Heldt, Thomas J., negative pressure in epidural space, 371
Heliotherapy, increase of milk flow of nursing mothers through, 848
Hemiplegia, infantile acquired, etiology of, 714
Hemoglobin regeneration, effect of liver and iron on, 556
Hemolysis in jaundice of newborn, 151
Hemophilia, heredity in, 218
Hemorrhage in pregnancy, 430
Hemorrhagic disease, unusual types of, 44
Hemorrhoids treatment of, electrosurgical, 144
Henoch's purpura, food allergy in, 137
Hernia, diaphragmatic, 846
Herpes in zosteriform eruption, 853
Hickling, R. A., pneumonia in case of chronic lymphatic leukemia, 224
Histologic malignancy index in relation to prognosis, 856
Huddleson, James H., meralgia paresthetica, 823
Hyalin degeneration of islands of Langerhans in nondiabetics, 292
Hydrocele of tunica vaginalis, 554
Hyman, Harold Thomas, some unusual and atypical thoracic conditions, 511
Hypothyroidism, 570

I

Ileus, acute, treatment of, enterostomy in, 421
Infectious agents, penetration of, into regional lymph glands and blood stream after cutaneous infection, 146
diseases, inheritance of, 719
Inflammations and infections of extratonsillar pharyngeal lymphoid tissue before and after tonsillectomy, 567
Influence de l'Indigestion d'Albuminoides sur la Pression Artérielle, 551
Insulin hypoglycemic hemiplegias, 756
nutrition in nondiabetic patients and, 848
Intestinal obstruction, acute, 701

J

Jacques, Laurence, cataract and postoperative tetany, 185
Jaundice, bile pigments and bile acids of blood in, 103
Joslin, Elliott P., the ten-year diabetic, 472

K

KATAYAMA, ICHIRO, bile pigments and bile acids of blood in jaundice, 103
Kay, W. E., advantages of total thyroidectomy in selected cases of thyrotoxicosis of exophthalmic type, 350
Kessel, Leo, some unusual and atypical thoracic conditions, 511
Ketosis, nondiabetic, in children, 136
Kidney, effect of, on blood regeneration in pernicious anemia, 551
Killian, John A., bile pigments and bile acids of blood in jaundice, 103
Knee-joint, internal derangement of, 280
ligamentous injury about, 133
Krantz, Clement I., basal metabolism in chronic lymphatic leukemia, 229
Krumbhaar, E. B., thoughts on the morbid processes active in pernicious anemia, 523

L

LAMSON, ROBERT W., pollen allergy, 791, 799
Landry's paralysis, peripheral neuronitis resembling, 807
Laryngeal complications of irradiation, 437
Lawson, Herman A., treatment of pernicious anemia with liver extract: effect upon the production of immature and mature red blood cells, 599
l'Epilepsie dans l'encephalite epidemique chronique, 442
Lerman, J., blood pressure in pernicious anemia, 777
Leukocytes in infants and children, physiologic variations in, 424
Liver, toxic actions of synthalin on, 555
Longitudinal sinus, obstruction of, 715
Lung function in pneumonia, acute disturbance of, 278, 283
nontuberculous fibrosis of, in children, 851
Lymphadenitis, mesenteric, 420

M

MACKLIN, MADGE THURLOW, heredity in hemophilia, 218
Marsh, Harold E., suprarenal insufficiency, 769
Mastoidectomy, necessity of, in young children, 711
Maternal mortality in Canada, 562
Maynard, E. P., five years' experience in treatment of chronic articular fibrillation with quinidin sulphate, 55
Means, J. H., blood pressure in pernicious anemia, 777
Measles control, parental blood serum in, 134
antidiplococcus goat serum and, 849
green-producing diplococcus in, 279
Medullated nerve fibers of frog, structure of, 868
Meningitis, unilateral symptoms in, 557
Meralgia paresthetica, 823
Mesenteric lymphadenitis, 420
Metabolism, basal, chronic lymphatic leukemia and, 229
Meyers, S. G., emptying a gall bladder with reference to use of pituitrin, 405
Miller, Hyman, pollen allergy, 791, 799
Mills, C. A., effects on carbohydrate metabolism of an acid-alcoholic extract of plants rich in vitamin B, 384
treatment of diabetes with an acid-alcoholic extract of plants rich in vitamin B, 376
Minot, George R., familial hemorrhagic condition associated with prolongation of bleeding time, 301
response of reticulocytes to liver therapy, particularly in pernicious anemia, 581
treatment of pernicious anemia with liver extract: effect upon the production of immature and mature red blood cells, 599
Moersch, Frederick P., tumors of brain and syphilis, 12
Moloney, J. Clark, negative pressure in epidural space, 371
Murphy, William P., response of reticulocytes to liver therapy particularly in pernicious anemia, 581
treatment of pernicious anemia with liver extract: effect upon the production of immature and mature red blood cells, 599
Mycosis fungoides, nature of metastases in, 852
tumors of internal organs in, 852

N

NEPHRITIS, tubular, in children, 559
Newborn, birth crisis in blood picture of, 560
Nye, Robert N., presence and importance of yeast-like fungi in gastrointestinal tract in pernicious anemia, in other diseases and in normal individuals, 153

O

OBESITY, treatment of, dextrose in, 37
Obstetric analgesia and anesthesia, evaluation of methods in, with special reference to gas oxygen, 561

Obstetric forceps, new, 709
teacher, responsibility of, in relation to maternal mortality and morbidity, 285
Ophthalmology, protein therapy in practice of, 141
Optic nerve disturbance, malignant disease of sphenoid and, 141
Optical rotation of pseudomorphin, 866
Osteomyelitis, treatment of, 420
Osteosclerotic anemia secondary to epidermoid carcinoma, 718
Otitis, acute, in infants, 711
Ovarian dysfunction dependent on abnormalities of ductless glands, 709
therapy, 138
Ovary, papillary cystadenoma of, 287, 565

P

Palilalia, 291
Pancreatitis, acute and chronic, 132
Papillary cystadenoma of ovary, 565
Paralysis agitans and postencephalitic Parkinsonism, 573
Pardee, Irving, paroxysmal oculogyric crises in Parkinsonian encephalitis, 683
Pathogenic organisms in butter, viability of, 865
Pearse, Herman E., immediate effect of arterial ligation, 49
Pediatrics and nurology, borderline problems in, 851
Pellagra-preventive action of tomato, carrot, and rutabaga turnip, 865
Pelvic inflammatory disease, treatment of, 431
lesions of infectious origin, surgical intervention in, 428
Peribronchial infiltration after respiratory infections in childhood, 282
Pericardial effusion, encapsulated, 331
pain, 418
Permar, H. H., ophthalmoplegia in Graves' disease, 733
Physiologic effects of abnormal temperatures and humidities, 293
Piersol, G. M., diagnostic value of duodenal drainage in gall-stone disease, 84
Piness, George, pollen allergy, 791, 799
Pirquet test, comparison of scarification and puncture methods and, 850
Pneumococcus, immunity to, produced in rats, 147
Pneumonia, chronic lymphatic leukemia and, 224
epidemiology of, 447
Poliomyelitis, milk-borne epidemic of, 864
Pollen allergy, 791, 799
Pottenger, F. M., factors militating against accurate correlation of physical and Roentgen ray examinations of the chest, 676
Pregnancy and parturition in patients with crippled hearts, 844
cortical necrosis of kidney in, 430
heart in, 854
hemorrhage in, 430
toxemias of, liver extracts in, 561
in relation to chronic cardiovascular and renal disease, 430
tubal, radiography after injection of lipiodol, 438
Prostate, hypertrophied, treatment of Roentgen ray in, 290
Prostatic calculi, 847
Protein therapy in ophthalmology, 434
Psychoses, endocrine organs and, 860
Pulmonary abscess following tonsillectomy, 568
dust cell, origin of, 444
sporotrichosis, 862
Purkinje cells, loss of, with advancing age, 298

R

Rabinowitch, I. M., unusual case of diabetes mellitus, 22
Radium in cervical cancer, 855
Rat-bite fever, two cases of, 719
Ravid, J. M., transient insulin hypoglycemic hemiplegias, 756
Rectovaginal endometriosis, treatment of, 139
Rectum, carcinoma of, 554
Renal retinitis, 435
Retarded children, social adjustment of, 573
Reticulin fibrils, origin of, 575
Retinitis, renal, 435
